

PROJECT REPORT

1. INTRODUCTION:

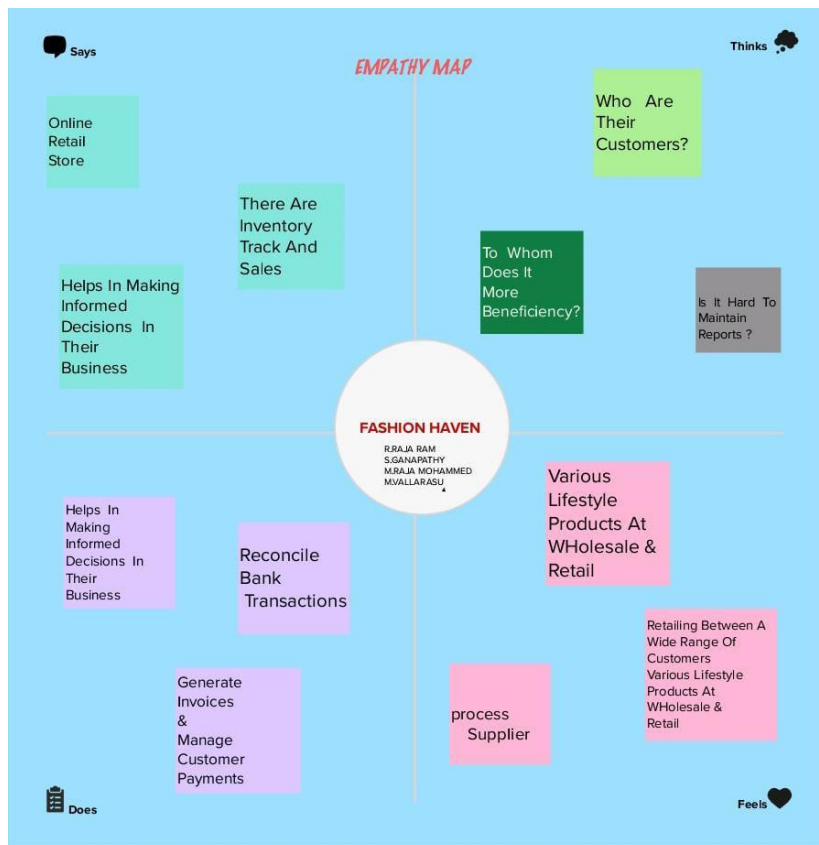

1.1 OVERVIEW:

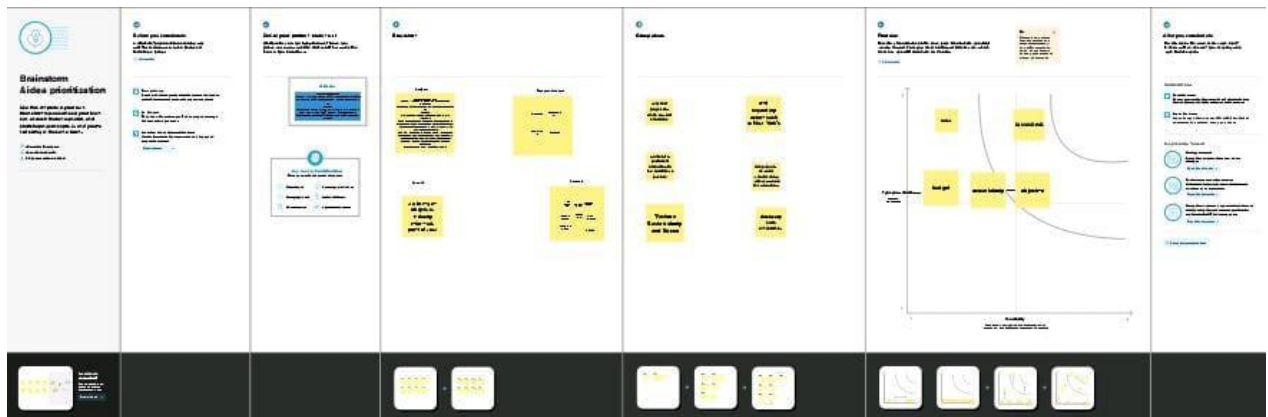

Fashion is a non-verbal way of communication that conveys a lot about the person's personality, background and style. Earlier it was exclusively the world of the affluent, celebrities and royalty. However, fashion is now within the reach of the common man, especially the youth. Besides, dress fashion is an evolution of ideas, which begins as a fad, but in course of time gets accepted in society as a style, which could be in attire, behavior or lifestyle.

1.2 PURPOSE:

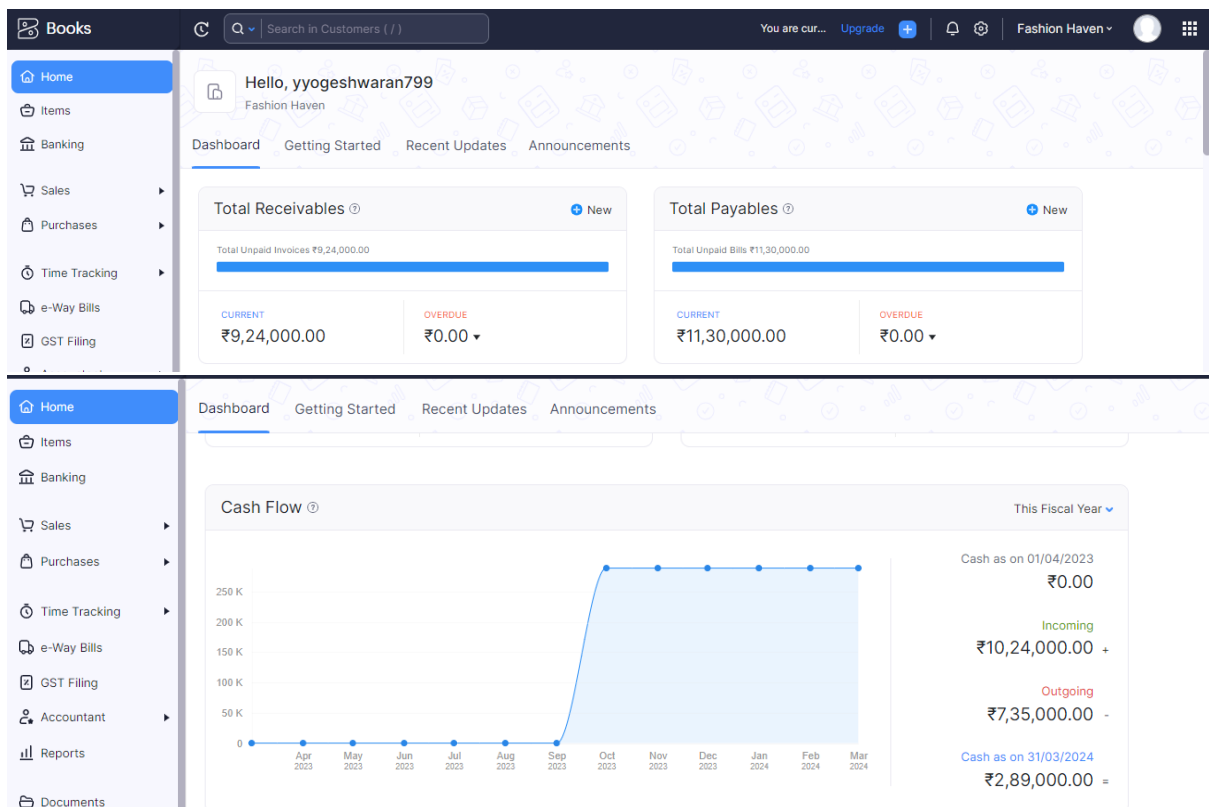

We work with global brands and businesses across the fashion and creative industries to build structures and cultures, define job roles and hire high caliber candidates invested in helping them meet and exceed their business goals
